<b>Part A – Quality Management System</b>	Page 1 of 1
<b>Section 1 – Quality Policy</b>	Revision No. 01

The quality of our performance will be higher than that of our competitors, and will be continuously improved. We will provide accurate, cost effective and timely services that meet our clients' requirements and objectives. We will serve our clients in a cooperative, professional, flexible and innovative manner.

The management team of Revcon Oilfield Constructors Inc. and its employees will achieved this through the systematic review and audit of corporate and project activities for compliance to policies, procedures and objectives. We exercise this responsibility through adequate training of our employees, total commitment to meeting, exceeding customer requirements, and maintaining a company culture that fosters continuous improvement.

To achieve these objectives, senior management endorses the 8 Quality Principles:

**Principle 1: Customer Focus**

**Principle 2: Leadership**

**Principle 3: Involvement of People**

**Principle 4: Process Approach**

**Principle 5: System Approach to Management**

**Principle 6: Continual Improvement**

**Principle 7: Factual Approach to Decision Making**

**Principle 8: Mutually Beneficial Supplier Relationships**

We believe that collectively, these 8 quality principles form the basis for performance improvement and organizational excellence. Areas of concern and non-compliance will be identified for resolution and rectification.

By achieving this, we will further enhance our reputation as the leading "quality" contractor.
